

ESMOND AGHAROVBOKHAN

SOFTWARE DEVELOPER

SUMMARY

I am a software developer who have gained several knowledge and experience in recent times. I have been working for more than one year now as a software developer with experience and skills in several web technologies that help create powerful, user-friendly websites. In the past, i have amassed plethora of skills in various web technologies such as, HTML5, CSS, JavaScript, PHP, ReactJS and many more. I have also successfully developed a gas ordering systems application by putting the aforementioned skills into use. I have collaborated with others to work on project relating to web which makes me not only target driven, but also a team player.
